Dear Jeff

Thank you for once again sharing your experience and enthusiasm with our recruiting managers during our November Workshop at Dobbins ARB GA. Your seminars on "How to Overcome Negativity in the Workplace" and "Management Skills for the New or Prospective Supervisor" were right on target to our organization's needs.

When our conference adjourned on Friday, every recruiting manager I spoke with said it was the best workshop they'd ever attended. No doubt, your performance played a key role in molding their attitudes. I'm confident they'll be putting your advice to work immediately, and the dividends will be obvious.

I'm thrilled we had the opportunity to work together again and hope our paths will cross at future recruiting workshops. Be assured, you'll be the number one guest speaker we ask for by name.

Sincerely
