Dear Jeff:

Being the "driver" that I am, I don't often take the time to write speakers...that's typically Sandy's job. In your case I must make an exception since I particularly enjoyed both of your presentations and gained value from them. Also, thanks for sending me the list of publishers.

It was a pleasure having your expertise on campus, and I hope we will be able to arrange other seminars with you. Best wishes with your business venture in Tulsa.

Sincerely,
