

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF VOCATIONAL AND ADULT EDUCATION

Mr. Fred Larsen
Program Director, Agricultural Education
Washington State Department of Education
604 Central Expressway, Duvall
Seattle, WA 98148

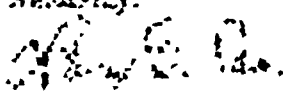

Dear Mr. Larsen:

The purpose of this letter is to recommend the educational conferences and seminars provided by Jeff Magee in partnership with the National Young Farmer Educational Association (NYFEA). Mr. Magee and the NYFEA are working together to strengthen the success potential of both adults and Agricultural Education.

Mr. Magee possesses the unique qualities of both entertainer and educator. Audiences seem to enjoy his material while they are learning from it. I have had the privilege of observing Jeff Magee's work and found the quality of his delivery and content of his materials to be excellent.

NYFEA has undergone a dramatic transformation during the last three years. A menu of educational offerings has been developed. The Jeff Magee seminars are only a small portion of the educational programs, contests, community service projects, etc. that NYFEA is now offering. Please consider this opportunity to further enhance the adult aspect of your Agricultural Education programs by promoting NYFEA and the related programs.

For more information, please contact www.nyfea.org, NYFEA a
503-252-6997.

Sincerely,

Larry D. Case
Coordinator, Agricultural
and Rural Education
